

## ELISABETH HALL LARGE

With its castle character, the Elisabeth Hall is one of the most beautiful festival rooms in the region, equipped with modern stage technology for your personal supporting program. With the large hall, the foyer and the sun terrace, around 400 square meters are available for many guests, music and dancing. The spacious foyer offers space for a grand piano, the buffet and for nice conversations with your guests at high tables, at the bar or at the cozy fireplace. From here you have a fantastic view of the Flensburg Fjord. Plenty of space for the most beautiful day of your life – changeable in just a few minutes, just the way you need it.
